Gourav Kashiv

+919459899052 | gouravkashiv@zohomail.in

PROFESSIONAL SUMMARY

Full Stack Engineer specializing in the MERN Stack, Next.js, and TypeScript. I bridge the gap between elegant frontends and scalable cloud infrastructure (AWS, CI/CD, Lambda, S3) . Passionate about performance, accessibility, and building things that matter.

EXPERIENCE

Full stack Intern
Technoledge India | 2025-Currrent

- Built CRUD operations and designed database models for academics, branches, and staff in an ERP system.

- Developed transport module using Google Maps API for route planning and student allocation.

- Configured Route 53 and added SSL certificates for secure domain access.

- Deployed app on AWS EC2 using Docker.

PROJECTS

Portfolio Website | https://www.gouravkashiv.com
2026

- Designed and developed a high-performance, fully responsive portfolio website using Next.js and TypeScript with modern UI/UX principles.

- Implemented smooth animations and interactive components using Framer Motion to enhance user engagement and visual storytelling.

- Optimized for SEO, performance, and scalability with clean architecture and best DevOps practices for seamless deployment.

- Showcases projects, technical expertise, and cloud/DevOps capabilities with a structured, conversion-focused layout.

The Retreat Cottage - Full-Stack Booking Platform | https://the-retreat-cottage.vercel.app/
2025

- Developed a comprehensive booking system with real-time availability tracking and user section

- Implemented user authentication and interactive calendar features

- Built with Next.js, Supabase, Tailwind CSS, and NextAuth.js for seamless user experience

- Features include booking management, instant confirmations, and responsive design

The Retreat Operations Manager - Staff Management Dashboard | https://the-retreat-operations-manager.vercel.app/login
2025

- Created a React SPA for streamlining retreat operations and staff administrative tasks

- Implemented efficient data management with React Query and state management with Context API

- Integrated Supabase for backend services including database and authentication

- Features include booking management, room allocation, and staff task coordination

EDUCATION

Bachelors of Engineering in Computer Science (9.58 CGPA)
CHITKARA UNIVERSITY | 2018-2022

Master of Technology in Computer Science
PANJAB UNIVERSITY | 2023-2025

SKILLS

React, TypeScript, HTML5, Tailwind CSS, CSS3, Next.js API Routes, RESTful APIs, Supabase, MongoDB, Git, AWS, Vercel, PostgreSQL, Compass, Docker, Nginx, Postman, React Query, npm, pnpm, AWS (S3, EC2, Route 53, Lambda), Github Actions, CICD, Pipelines, Prompt Engineer, Generative AI, Antigravity, Mern Stack, LLMs, UI/UX, Framer Motion
